LADIES' DELIGHT!
RELIEF COME AT LAST.

J. WISNER'S Washing Machine, Patented Sept. 26th, 1854, is a large tub with zinc fitted on the bottom, also on the underside of the rubber. It stands on a stool, and weighs about 25 lbs; is simple and handy and has been thoroughly examined and tried by thousands at the West within the past year, who pronounce it to be the best labor saver ever offered to the public. It has been tested sufficiently long to prove that whenever it has been used properly, it will tell a better story for itself than I can communicate. Give it a trial, and you will be entirely satisfied of its superior merit.

AMERICAN AND FOREIGN PATENTS.

R. H. EDDY, Solicitor of PATENTS
(Late Agent of U. S. Patent Office, Washington, under the Act of 1837.)
NO. 76 STATE, OPPOSITE KILBY ST.,
BOSTON.

AFTER an extensive practice of upwards of twenty years, continues to secure Patents in the United States; also in Great Britain, France and other foreign countries.—Caveats, Specifications, Bonds, Assignments and all Papers or Drawings for Patents, executed on liberal terms, and with despatch. Researches made into American or Foreign works, to determine the validity or utility of Patents or Inventions,—and legal or other advice rendered in all matters touching the same. Copies of the claims of any Patent furnished by remitting One Dollar. Assignments recorded at Washington.

This Agency is not only the largest in New England, but through it inventors have advantages for securing patents, or ascertaining the patentability of inventions, unsurpassed by if not immeasurably superior to any which can be offered them elsewhere. The testimonials below give proof that none is MORE SUCCESSFUL AT THE PATENT OFFICE than the subscriber; and as SUCCESS IS THE BEST PROOF OF ADVANTAGES AND ABILITY, he would add that he has abundant reason to believe, and can prove that at no other office of the kind are the charges for professional services so moderate The immense practice of the subscriber during twenty years past has enabled him to accumulate a vast collection of specifications and official decisions relative to patents. These besides his extensive library of legal and mechanical works, and full accounts of patents granted in the United States and Europe, render him able, beyond question, to offer superor facilities fior obtaining patents

All necessity of a journey to Washington to procure a patent, and the usual great delay there are here saved inventors.

TESTIMONIALS.

"I regard Mr. Eddy as one of the *most capable and successful* practitioners with whom I have had official intercourse.
CHAS. MASON," *Commissioner of Patents.*

"I have no hesitation in assuring Inventors that they cannot employ a person *more competent* and *trustworthy*, and more capable of putting their applications in a form to secure for them an early and favorable consideration at the Patent Office.
EDMUND BURKE,"
Late Commissioner of Patents.
Boston, February 8, 1858.

"Mr. R. H. Eddy has made for me THIRTEEN applications, on all but ONE of which patents have been granted, and that one is *now pending*. Such unmistakable proof of great talent and ability on his part leads me to recommend *all* inventors to apply to him to procure their patents, as they may be sure of having the most faithful attention bestowed on their cases, and at very reasonable charges. JOHN TAGGART."

From Sept. 17th, 1857, to June 17th, 1858, the subscriber, in course of his large practice, made, on *twice rejected applications*, SIXTEEN APPEALS, EVERY ONE of which was decided in *his favor*, by the Commissioner of Patents.

NEW AGRICULTURAL SETTLEMENT.

TO ALL WANTING FARMS,
A RARE OPPORTUNITY IN A DELIGHTFUL AND HEALTHY CLIMATE 25 MILES SOUTHEAST OF PHILADELPHIA, ON THE CAMDEN AND ATLANTIC RAILROAD, NEW JERSEY.

An old estate consisting of several thousands of acres of *productive soil* has been divided into Farms of various sizes to suit the purchaser. A population of some *Fifteen Hundred*, from various parts of the middle States and New England have settled there the past year, improved the places, *and raised excellent crops.* The price of the land is at the low sum of from $15 to $20 per acre, the soil is of the best quality for the production of *Wheat, Clover, Corn, Peaches, Grapes and Vegetables.* IT IS CONSIDERED THE BEST FRUIT SOIL IN THE UNION. The place is perfectly secure from frosts—the destructive enemy of the farmer. Crops of grain, grass and fruit are now growing and can be seen. By examining the place itself, a correct judgment can be formed of the productiveness of the land. The terms are are made easy to secure the rapid improvement of the land, which is only sold for *actual improvement.* The result has been, that within the past year, some *three hundred houses* have been erected, two mills, one steam, four stores, some forty vineyards and Peach orchards, planted, and a large number of other improvements, making it a desirable and active place of business.

THE MARKET,

as the reader may preceive from its location is the

BEST IN THE UNION.

Produce in bringing double the price than in locations away from the city, and more than double the price than the West. It is known that the earliest and best fruits and vegetables in this latitude come from New Jersey, and are annually exported to the extent of millions.

In locating here, the settlers has many advantages. He is within a few hours ride of the great cities of New England and Middle States, he is near his old friends and associations, he is in *a settled country where every improvement of comfort and civilization is at hand.* He can buy every article he wants at the cheapest price, and sell his produce for the highest, (in the West this is reserved,) he has schools for his children, *divine service*, and will enjoy an open winter, and delightful climate, where fevers are utterly unknown.—The result of the change upon those from the north, has generally been to restore them to an excellent state of health.

In the way of building and improving, lumber can be obtained at the mills at the rate of $10 to $15 per thousand. Bricks from the brick yard opened in the place, every article can be procured in the place, good carpenters are at hand, and there is no place in the Union where buildings and improvements can be made cheaper.

The reader will at once be struck with advantages here presented, and ask himself why the property has *not been taken up in* the market: and unless these statements were correct, no one would be invited to examine the land before purchasing. This all are expected to do. They will see land under cultivation, such is the extent of the settlement that they will no doubt, meet persons from their own neighborhood; they will witness the improvement and can judge the character of the population. If they come with a view to settle, they should come prepared to stay a day or two and be ready to purchase, as locations cannot be held on refusal.

There are two daily trains to Philadelphia, and to all settlers who improve, THE RAILROAD COMPANY GIVES A FREE TICKET FOR SIX MONTHS, AND A HALF-PRICE TICKET FOR THREE YEARS.

THE TOWN OF HAMMONTON.

In connection with the agricultural settlement, a new and thriving town has naturally arisen, *which presents inducements for any kind of business, particularly stores and manufactories. The Shoe business* could be carried on in this place and market to good advantage, also cotton business, and manufactories of *agricultural implements, or Founderies for casting small articles.* The improvement has been so rapid as to insure a constant and permanent increase of business. Town lots of a good size, *we do not* sell small ones, as it would effect the improvement of the place, can be had at from $100 and upwards.

The *Hammonton Farmer*, a monthly literary and agricultural sheet, containing full information of Hammonton, can be obtained at 25 cents per annum.

A Letter from John Brown.

The Boston Atlas and Bee publishes the following letters, placed in its possession by Mr. Hoyt, the young Boston lawyer, who went to Charleston to take part in defending John Brown;

LETTER FROM A QUAKER LADY TO JOHN BROWN.

NEWPORT, R. I., Tenth month, 27th, '59.

CAPT. JOHN BROWN: *Dear Friend:* Since thy arrest, I have often thought of thee, and have wished that, like Elizabeth Fry toward her prison friends, so that I might console thee in thy confinement.—But that can *never* be, and so I can only write thee a few lines, which, if they contain any comfort, may come to thee like some ray of light.

You can never know how very many dear Friends love thee with all their hearts, for thy brave efforts in behalf of the poor oppressed; and though we, who are nonresistants, and religiously believe it better to reform by moral, and not by carnal weapons, could not approve of bloodshed, yet we know thee was animated by the most generous and philanthropic motives. Very many thousands openly approve thy intentions, though most Friends would not think it right to take up arms.

Thousands pray for thee every day; and, O, I do pray that God will be with thy soul. Posterity will do thee justice. If Moses led out the thousands of Jewish slaves from their bondage, and God destroyed the Egyptians in the sea because they went after the Israelites to bring them back to Slavery, then surely, by the same reasoning, we may judge thee a deliverer who wished to release millions from a more cruel oppression. If the American people honor Washington for resisting with bloodshed for seven years an unjust tax, how much more ought thou to be honored for seeking to free the poor slaves.

Oh, I wish I could plead for thee, as some of the other sex can plead, how I would seek to defend thee! If I had now the eloquence of Portia, how I would turn the scale in thy favor! But I can only pray, "God bless thee!" God pardon thee, and through our Redeemer, give thee safety and happiness now and always.

From thy friend, E. B.

John Brown's Reply.

CHARLESTOWN, Jefferson Co., Va., Nov. 1.

MY DEAR FRIEND E. B. of R. I.—Your most cheering letter of 27th of Oct, is received, and may the Lord reward you a thousand fold for the kind feeling you express toward me; but more especially for your fidelity to the "poor that cry, and those that have no help." For this I am a prisoner in bonds. It is solely my own fault, in a military point of view, that we gled with our prisoners and so far sympathized with them and their families that I neglected my duty *in other* respects. But God's will, not mine be done.

You know that Christ once armed Peter. So also in my case, I think he put a sword into my hand, and there continued it, so long as he saw best, and then kindly took it from me. I mean when I first went to to Kansas. I wish you could know with what cheerfulness I am now wielding the "Sword of the Spirit" on the right hand and on the left. I bless God that it proves "mighty to the pulling down of strongholds." I always loved my Quaker friends, and I commend to their kind regard my poor bereaved widowed wife, and my daughters and daughters-in-law, whose husbands fell at my side. One is a mother and the other likely to become so soon. They, as well as my own sorrow-stricken daughter, are left very poor, and have much greater need of sympathy than I, who, through Infinite Grace and the kindness of strangers, am "joyful in all my tribulations."

Dear sister, write them at North Elba, Essex Co., N. Y., to comfort their sad hearts. Direct to Mary A. Brown, wife of John Brown. There is also another—a widow, wife of Thompson, who fell with my poor boys in the affair at Harper's Ferry, at the same place.

I do not feel conscious of guilt in taking up arms; and had it been in behalf of the rich and powerful, the intelligent, the great—as men count greatness—if for those who form enactments to suit themselves and corrupt others, or some of their friends, that I interfered, suffered, sacrificed, and fell, it would have been doing very well. But enough of this.

These light afflictions which endure for a moment, shall work but for me *a far more exceeding and eternal weight of glory.* I would be very grateful for another letter from you. My wounds are healing. *Farewell.* God will surely attend to his own cause in the best possible way and time, and he will not forget the work of his own hands.

Your friend,
JOHN BROWN.

A WEALTHY MAN.—The New Orleans Crescent gives the following description of George Law:—

If anything don't pay, George Law respectfully drops it. He now owns nineteenths of the Eighth Avenue railroad, which alone is an income of a prince, and growing more valuable every day. He also owns nearly all the stock of the Ninth avenue, which, when completed, will run through Greenwich street to the Ninth avenue; and thence to Harlem river—a nine mile concern. Half the ferries belong to Law. He owns the Dry Dock Bank, and the bank owns about forty acres of docks, houses and land, almost in the heart of the city. Law owns the Staten Island ferry boats, and two miles of water front nearest New York, that in a few years will be worth for docks—ten millions. He really owns the Flushing railroad; and heaven knows how much more he owns.—That immense thinking brain keeps accumulating. I don't think he goes into large operations now for the purpose of making money. I think he works to keep from stagnating. Though not a politician, he wields a very powerful influence upon politics, especially upon local affairs. Most persons have an idea that he is an old man. No such thing. He is only fifty-one years old, and possesses one of those vigorous constitutions that will last him forty-nine years longer.

LOCAL INTELLIGENCE.

The Great White Owl.

Every man, who has heart and soul enough to be called a man, in the true signification of that much perverted term, alone, with his own thoughts in the Fall of the year, is meditative and sad. Why! the year is dying! He is tottering and falling in the grand old woods, and the ruddy splendors of the drifting leaves show only the "lightning before death."

'Life's ensign yet is crimson on the lips,
For death's pale flag has not advanced there.'

But few of the Indian Summer days remain to tell the crimson leaves in their rosaries and say their prayer for the dying at his side, and then the wane and black frost will come silently together, clasping each other's cold hands, and the one will put a halo of diamonds around his head, and the other will stiffen all his limbs and close his eyes, and the wind will bring the shroud of glistening snow and fold it round him, the bleak clouds will weep a little, and in the Spring the flowers will be golden and beautiful, and the grass as deliciously vernal as if it was a harvest springing from broken emeralds that some regal hand had sown in dazzling profusion "whilst we slept," and all this over his grave, and so we are sad, for

"Tho' other summers deck the plain,
This harvest will not bloom again."

And all these thoughts have come into our head, and we have written them down, because Wednesday, just as the sun was setting, we took our little ebony News Boat and slowly dipped the oars in the calm still water, across the blushing wake of the sunset to the ruined old fort on Rose Island.

The keel of the boat grated over the red and white pebbles on the sand, and just as we were wondering whether the shadows on the shore would beckon the sea-breeze to ruffle the waters of the now sleeping bay, we espied the moon far up in the heavens, as round and silvery as the fabled shield of Chilles, and so the clouds in the west were his banners 'dyed with slaughter,' and we thought the panoplied warrior would rise from his slumber and part the gorgeous curtains of his sunset tent and come out to meet "the red planet Mars."—"*Hoot! hoot! to whit! to who!*" croaked a loud voice from the ruined fort, and we looked round long and anxiously at the unexpected call. But the island was deserted, the waves murmured over the sand and pebbles, and rippled up against the gray rocks. The voices of men shouting and singing on the vessels at anchor in the harbor came faintly and musically to our ears, and the fort was covered with long, rank grass, that showed it had been in ruins and alone for many weary years.

"Hoot! hoot! to-whit! to-who! again reasounded still more emphatically and discor- crumbling, dismantled battlement, perched on a great rock that had partially fallen from the masonry, we espied a gigantic *white owl*; There he was, hooting and calling to the coming night; his great yellow, seer-like eyes seemed to stare fixedly, through a broken embrasure, at the city we call our home.—He stood upon one strong claw, and the other was drawn up and buried in the heavy mottled gray and white down that covered his breast. He did not seem to be aware of our approach, or if he was he entirely disregarded it. He looked at the city, and then again shouted hoarsely his one cry, "Hoot! hoot! to-whit! to-who!" and somehow, as it was growing dark, our heart seemed to stand still and then only to flutter a little, like a clock that has almost run down, and we thought of the sullen, stony gaze of the sphynx in the desert, and how the Egyptians once called it an oracle, and the curious words of an old Welch song seemed to ring in our ears

"The ravens croak as the crown of oak
Falls over Fingal's eyes;
All fixed and set with white tears wet,
And speaking prophecies."

Perhaps the great white owl was looking into the mysterious future and reading what is yet to be; but when we left the Island, just as the distant curfew bells of the city were ringing for nine o' the clock, and as all good people were going to bed, the lights in the houses flitted & flashed about like fire flies in the summer time, and the great white owl still perched upon the rock, ever and anon flapping his broad wings in the moonlight and above the monotonous dipping of our oars, growing fainter and fainter as we left the little island far behind, we heard the solemn voice of the bird of Minerva,—Hoot! hoot! to-whit! to-who!

Our readers know how one sad thought like a veiled vestal, brings in its train many beautiful memories; and as we crossed the sleeping bay, to keep time to our rowing, and harmony with our musings, we repeated the verses of the German minstrel:

"Many a year is in its grave
Since I crossed this restless wave:
And the evening fair as ever,
Shines on ruin, rock and river.

"Then in this same boat beside,
Sat two comrades, old and tried—
One with all a father's truth,
One with all the fire of youth.

"One on earth in silence wrought,
And his grave in silence sought:
But the younger, brighter form:
Passed in battle and in storm.

"So whene'er I turn my eye
Back upon the days gone by,
Saddening thoughts of friends come o'er me,
Friends that closed their course before me.

"But what binds us friend to friend,
But that soul with soul can blend:
Soul-like were those hours of yore;
Let us walk in soul once more.

"Take, O boat-man thrice thy fee—
Take, I give it willingly—
For, invisible to thee,
Spirits twain have crossed with me."

☞ There was a rumor about town yesterday, that the Local went into the new sewer at the foot of Mary Street to be assured that it was all right before it was closed up, and was "hermetically sealed" therein after the manner of a can of tomatoes, before he could get out again. Those who were arming themselves with picks, crowbars and shovels for the purpose of digging him out, may subside, as there is no truth whatever in the rumor.

☞ "Rev." F. W. Sprague did not get away Wednesday for New York, owing to the scantiness of the wind. He has moreover called on us to say that his congregation did not donate him "two cents." We are sorry for that; they most certainly should have done so, as a token of their regard, if nothing more. In fact he is a *two cents*-ible man already.

A case exciting great interest had engaged the attention of the courts in San Francisco. Mr. Levy, a Jew, had been summoned as a juror in the Supreme Court, but failing to appear, was sent for, and found to be at his devotions in the Synagogue. He informed the officer that the day was observed by those of his faith as the Festival of Atonement, and that it would be impossible for him to serve. The Judge instantly imposed a fine of $500, subsequently reduced to $250, upon the delinquent, who, with the pecuniary aid of his co-religionists, proposes to contest the case, and settle a vexatious religious difficulty.

CURIOUS PHENOMENON.—Capt. Harrington, of bark Arrow, which arrived at Salem, on Wednesday, from Rio Grande, informs the Salem *Register* that several days since, when 600 miles from land, a woodcock flew on board his vessel, and every morning since, he has been visited by hundreds of birds, including robins, black, blue and yellow birds, sparrows, a thrush, a hawk, and an owl. He caught several and brought them home, having seventeen alive the day before his arrival, and several when he reached port. It is supposed that the birds were driven off the land by late heavy north-west winds. They were all completely exhausted when they came on

In Bologna, Florence, Modena, Parma, Genoa and Milan, the workingmen are forming themselves into societies, entitled the Unitarian Legion; they are flocking to arms around Garibaldi and Fanti. They are swelling by their mites the subscriptions for the equipment of the volunteers for the Venetian emigration, and all their words and actions prove that they are willing to make any sacrifice for any length of time, so that the national sword be not replaced in its scabbard until Italy, from Sicily to the Alps, from the Mediterranean to the Adriatic, be ONE and independent.

Recent advices from the coast of Africa state that the re-captured Africans sent out in the Niagara were doing well. Many of them are placed in respectable families, and all of them are acquiring the habits and customs of civilization. The Rebecca, from New Orleans, had landed in Liberia forty-two colored persons made free by the will of the late John McDonough. The Mendi, of New York, had also landed forty-three colored emigrants.

A young seamstress named Margaret Dickson, died last week, in Cincinnati, from the pick of a needle. While at work she accidentally punctured the palm of her left hand with the needle, and although she experienced acute pain, thought nothing of it at the time. She continued to work for a few days, but the wound baffled surgical skill, and the poor girl died in the greatest agony.

The disappointment concerning the Great Eastern's visit has been a great injury to Portland, says the *Argus.* Much has been expended in various ways in anticipation of her presence and the crowd it would draw, which will be a partial or total loss. It has also had the effect to delay and embarrass business transactions.

The merchants and capitalists of Great Britain are estimated to own about nine hundred ocean steamers. A great portion of the immense trade of India, China, Australia and South America, is carried on through the medium of these steamships.

FOUSEL'S PABULUM VITÆ,
THE GREAT FRENCH REMEDY, possesses extraordinary properties for the speedy and permanent cure of CONSUMPTION, BRONCHITIS, COUGHS, COLDS, and all PULMONARY DISEASES.

This celebrated specific is now universally acknowledged to be infinitely superior to all other preparations for the cure of Pulmonary Disease, both from its innocent nature and its most astonishing curative properties, *being the only remedy known that will arrest the development of Tubercles in the Lungs, or restore the vital functions of the pulmonary organs to their normal condition.* Its invaluable properties have obtained for it the highest recommendations and praise from some of the most eminent physicians and chemists in the country; while the best and surest proofs of its merits are afforded by the numerous testimonials of its great efficiency in conquering disease, which are constantly received from our most respectable citizens. Invalids in all stages of pulmonary disease should not fail to give it a trial, as it can be administered to the most delicate and feeble with perfect safety and certain relief; and we herewith insert a few testimonials for their encouragement, selected from hundreds of like import.

Certificate of Dr. A. A. HAYES, in reference to the unequalled virtues of this great discovery.

This preparation, by chemical analysis, was proved to be free from opium or any of its compounds; nor were any of the alkaloids present. It does not contain any mercurial or mineral substance, but consists wholly of volatile, diffusible agents, which afford vapors freely at a moderate temperature. Most of the substances present are efficiently used in alleviating pulmonary disease; but the device by which they are combined is new and original, and adapts the compound to inhalation, or other modes of administration.

Respectfully,
A. A. HAYES, M. D., *State Assayer,*
16 Boylston Street, Boston, Dec. 19, 1857.

TESTIMONIAL from the Assistant Superintendent of Health:

BOSTON, Oct. 5, 1859.

SIR:—It affords me great pleasure in recommending to those troubled with Pulmonary Complaints the use of Fousel's Pabulum Vitæ; and my own experience has shown that for Coughs and Colds it possesses qualities of great merit, and I would most cheerfully recommend its use to those troubled with the above complaints, so common to our climate.

Respectfully yours,
(Signed) DANIEL B. CURTIS,
To F. J. LAFORME. Room 12, City Hall.

F. J. LAFORME, Esq.:

Dear Sir—This may certify that I have used *Fousel's Pabulum Vitæ*, and I consider it the best article that I have ever used, for pulmonary complaints. My wife has used it for severe colds, and its effect was magical; and I have no objection to your referring in any way to me that you deem expedient.

I have given the above named a fair trial, and with confidence advise all that are afflicted with colds or pulmonary complaints to try it.

FROM EUROPE.

NEW YORK, Nov. 10.

Steamer City of Baltimore, from Liverpool 27th ult., arrived at 2 A. M. 470 lives were lost by the wreck of the steamship Royal Charter near Bangor. Only 30 were saved. France will support the military operations of Spain in the war against Morocco. The American Ambassador had returned from Pekin, without having obtained the ratified treaty at that city.

Health above all things! Without the aid of either Doctors or Medicines too! The luxury of a pleasant drink, and the consolation of a sovereign stomachic and tonic, are combined in the great imported gin, called VANDERVEER'S SCHIEDAM SCHNAPPS. The undersigned, at the earnest request of those who are living witnesses to the health given and salutary effects of this great boon, both on this side of the Atlantic as well as in all parts of Holland and Germany, have, at great cost and care, imported the article in large quantities, and by making known its intrinsic worth by judicious advertising, purpose putting it within the reach of every household. It will restore the *drooping spirits* and fading energies as well as ward off *disease* and *death.*

THE subscriber having taken the agency for the sale of Burdict and Bartlett's Grecian Caoutchouc Oil Polish, is now prepared to furnish the article to store keepers at Manufacturer's prices.

This article is composed of neats foot oil and Gutta Percha, acting as a preserver of leather as well as polish. An article of this kind has long been needed, as every one knows that common blacking will not polish or oil over grease.

The attention of livery stable keepers, and those keeping carriages and harnesses, is invited to this article, as it is unsurpassed for the purpose of cleaning carriage tops, harnesses, &c. It is put up in large size boxes, convenient for the use of livery stable keepers, and also smaller sizes for the use of everybody, who wish to purchase the best blacking in the market.

THE
GREAT WONDER
OF THE NINETEENTH CENTURY.
PROFESSOR WOOD'S HAIR RESTORATIVE.

Says the St. Louis (Mo.) Democrat: Below, we publish a letter to Dr. Wood, of this city, from a gentleman in Maine, which speaks glowingly of the superior merits of his hair tonic. Such evidence must have its effect, when coming from a reliable source. If certificates are guarantees of truth, the Dr. needs no encomiums, nor useless puffery from the press:

BATH, MAINE, Jan. 29, 1859.

Professor O. J. Wood & Co:

GENTLEMEN: Having my attention called a few months since to the highly beneficial effects of your hair restorative, I was induced to make application of it upon my own hair, which had become quite grey, probably one-third white; my whiskers were of same character. Some three months since I procured a bottle of your hair restorative, and used it. I soon found it was proving what I had wished. I used it about a week. I have since procured another bottle, of which I have used some. I can now certify to the world that the grey or white hair has totally disappeared, both on my head and face, and my hair has resumed its natural color, and I believe, more soft and glossy than it has been before for twenty-five years. I am now sixty years old; my good wife at the age of fifty-two has used it with same effect.

The above notice I deem due to you for your valuable discovery. I am assured that whoever will rightly use, as per directions, will not have occasion to contradict my statements. I am a citizen of this city and a resident here for the last fifteen years, and am known to nearly every one here and adjoining towns. Any use you may make of the above, with my name attached, is at your service, as I wish to preserve the beauties of nature in others as well as myself. I am, truly, yours,

A. C. RAYMOND.

BALTIMORE, Jan. 23, 1858.

WOOD'S HAIR RESTORATIVE.

Professor Wood—Dear Sir: Having had the misfortune to lose the best portion of my hair, from the effects of the yellow fever, in New Orleans in 1851, I was induced to make a trial of your preparation, and found it to answer to the very thing needed. My hair is now thick and glossy, and no words can express my obligations to you in giving to the afflicted such a treasure.

FINLEY JOHNSON.

The undersigned, Rev. J. K. Bragg, is a minister in regular standing, and pastor of the Orthodox Church at Brookfield, Mass. He is a gentleman of great influence and universally beloved.

WM. DYER.

Brookfield, January 12, 1858.

Professor Wood—Dear Sir: Having made trial of your Hair Restorative, it gives me pleasure to say, that its effect has been excellent in removing inflamation, dandruff and a constant tendency to itching with which I have been troubled from my childhood; and has also restored my hair, which was becoming gray, to its original color. I have used no other article with anything like the same pleasure or profit.

Yours truly,
J. K. BRAGG.

The Restorative is put up in Bottles of 3 sizes, viz: large, medium and small; the small holds 1 1-2 a pint, and retails for one dollar per bottle; the medium holds at least twenty per cent more in proportion than the small, retails for two dollars a bottle; the large holds a quart, 40 per cent. more in proportion and retails for $3 a bottle.

O. J. WOOD & CO, Proprietors, 312 Broadway, New York, (in the great N. Y. Wire Railing Establishment,) and 114 Market st., St. Louis, Mo.

And sold by all good Druggists and Fancy Goods Dealers. d&wly

Any one wishing pictures taken, or will call at the only right place, corner of the Parade, can be convinced of the truth of the above.

DR. C. P. BRONSON'S
NEW CURES
For Consumption, Liver Complaints, Dyspepsia, and all other Chronic Diseases arising from Over-Use, General Debility, or Nervous Prostration.

These new and successful preparations of Food for the Blood (based upon its analysis in HEALTH, which gives the true standard, and in different DISEASES when we ascertain the deficiencies in each case and supply them with the proper materials for making pure and healthy BLOOD,) are among the most important discoveries of the age. They are destined to produce a revolution in the treatment and cure of CHRONIC DISEASES. Having a perfect scientific foundation, they are far removed from the sphere of all Nostrums and Patent Medicines. Physicians of all schools are using these PREPARATIONS (not *Medicines*) with the most satisfactory results. They are taken by drops, not spoonfuls.

THEIR RANGE OF CURE:

CONSUMPTION, THROAT DISEASES, BRONCHITIS, COUGHS, COLDS, DYSPEPSIA, LIVER COMPLAINTS, HEADACHES, PALPITATION OF THE HEART, NEURALGIA, LOSS OF APPETITE, INABILITY TO SLEEP, DEPRESSION OF SPIRITS, IRREGULARITIES and MALE AND FEMALE WEAKNESS, &c. In all cases of Chronic complaints peculiar to FEMALES, these Preparations will be found invaluable.

THEIR PARTICULAR SPHERE.

It is not claimed that they will cure all diseases; but those specified above, (as thousands can testify,) they are the most efficacious of any now known.

Be particular, in ordering, to mention which of the three Preparations are required. If for Consumption, &c., the 1st and 3d alternately, are best; if for Liver Complaint, &c., the 2d; or Dyspepsia, (when inveterate,) the 2d and 3d in alternation, are more successful. In moderate cases, *one* will suffice.

There are three Preparations, one for Consumption in all its various forms; one for Liver Complaints and their attendants, (to which particular attention is called,) and one for Dyspepsia. Out of nearly two thousand strongly marked cases there have not been twenty failures.

From numerous testimonials we select the following:

A VERY INTERESTING CASE.

Mr. D. L. ELDER, (of this city,) is well known as one of the most hopeless cases of Consumption. Messrs. HORACE GREELY and W. C. BRYANT, (of the *Tribune* and *Post*,) are familiar with the following facts and circumstances:

Mr. ELDER was actively engaged in the last Presidential campaign, and his intense labors, day and night, broke down his health, which had not been good for many years; this was followed by a severe cough and bleeding from the lungs, which continued down to last December, when he commenced using one of these Preparations. For the previous two months he bled every day, sometimes quite profusely, and his cough was terrible. In a month's time he was able to be about through the city during all weathers, and in less than two months after beginning to use the remedy, he was engaged in canvassing the city, and was on his feet nearly all the time from 9 o'clock in the morning till four in the afternoon, conversing with hundreds of persons; and transacting a large amount of business. He is now as hearty a looking man as one in a thousand. His present residence is at 562 Hudson-street, New York.

Dr. Bronson can be consulted either by letter, addressed to Box 3398, P. O., or at the office of the General Agents from 9 to 12.

These Preparations can be obtained through any respectable Druggist in the United States or Canadas. Price $1 per Bottle, with full directions. All orders must be addressed to

HENRY R. CHURCH & Co.,
General Agents.

Blood Food!

Dr. Bronson, having been so far reduced by consumption, as to be considered beyond all hope of recovery by the most eminent of the medical profession, and also by himself—a regular physician of twenty years' practice—as a last resort, conceived the idea of ANALYZING THE BLOOD, and applying the subject of physiology to the more immediate connection, and effect of the state of the blood upon the health and system. The result has been the production of this "BLOOD FOOD," from which, Dr. Bronson was restored to perfect health. Within six months after its introduction, over two thousand consumptives were effectually cured by it. If you have any complaints of a consumptive tendency, *Coughs, Cold, Head-ache, Palpitation of the Heart, Loss of appetite, or pain in the side*, lose no time in procuring a bottle of the "BLOOD FOOD." If you are suffering from *Nervous Dibility*, or your *sleep is broken and disturbed*, if your *Spirits are Depressed* or your *Organs relaxed*, you will find in this an unfailing remedy, by commencing with *ten drops*. If your *Liver* is torpid or diseased in any manner whatever *one or two bottles* will be sure to invigorate, and bring it into lively and healthful action. In the most inveterate cases of *Dyspepsia*, the patient can here find the most efficient and grateful relief. A benefit is always experienced after taking *only one bottle*. In *Male or Female Complaints and Weakness*, the sufferer, after trying other remedies in vain, may rest assured, that a certain cure will result from the use of *two or three bottles*. The "BLOOD FLOOD" is effectual in all cases of *Eruptions, Salt Rheum, Scrofulas* and other like complaints. *Pale and emaciated children and adults* are immediately benefited by its use. It gives strength to the body and color and beauty to the skin. *Physicians of all schools* are using it with wonderful success. For full directions, see circulars.

Price $1 per bottle.

Mothers!

In presenting you with DR. EATON'S INFANTILE CORDIAL, we desire to state its superiority over every nostrum that nurse or quack has heretofore offered you.

First—It is the preparation of a regular physician, who is well qualified from much experience in infantile complaints to prescribe for them. Second—It is entirely free from paregoric or opiate of any kind, and consequently relieves by removing the suffering of your child, instead of deadening its sensibilities. Thirdly—It is put up with great care, as a comparison of it with any other article for infantile complaints will show; the very roots from which it is distilled being from the forests under the direction of Dr. Eaton, many of them by his own hands. Fourthly—it is perfectly harmless and cannot injure the most delicate infant, and is a certain cure and relief in all the following cases, which is its chief merit over every other preparation, viz: FOR ALL COMPLAINTS ATTENDING TEETHING; such as DYSENTERY, COLIC, &c.; also, for softening the gums and relieving pain. For regulating the bowels it is unequalled. For Cold in the Head it is a sure relief. For CROUP, the most fatal and trying of diseases, it can be relied on with perfect confidence; and being a powerful anti-spasmodic in all cases of convulsion or fits, we earnestly recommend you to lose no time in procuring it. Lastly—it costs so much more than other preparations of the kind, that we cannot afford such long advertisements as can those whose whole expense is their advertising; for the same reason, it commends itself as the most reliable to all mothers. In all cases, the directions wrapped around each bottle, must be strictly followed. Price, 25 cents per bottle.

REMEDIAL INSTITUTE,
—FOR THE TREATMENT OF—
Special Diseases,
No. 28 Union St., Providence, R. I.

[illegible] with references and testimonials; also a Pamphlet on Diseases of Women [illegible] Private and Chronic Maladies generally, [illegible] Dr. H. N. MATTISON, as [illegible]

[illegible] regular physician of nineteen years [illegible] the above named diseases, [illegible] having any important [illegible] MEDICAL [illegible]

A WORD TO INVALIDS

All who have any serious or troublesome disease will very naturally seek advice somewhere, and this leads me to say a few words on the *choice of a physician*. And first, *let all quacks, impostors and humbugs alone*. If you have an intelligent physician in your vicinity apply to him immediately, and follow his directions explicitly, and for a sufficient length of time, and he will probably cure you. If not, then apply to one who makes your disease a *specialty*, for no physician in general practice, no matter how eminent, can treat a given disease, or class of diseases, as successfully as one of the same ability who makes such diseases a *specialty*, and devotes his whole attention to them. Educated physicians hitherto have stood aloof from making private diseases a specialty, and hence they have been monopolized by quacks.—The fear of losing caste in society, or of being [illegible] among charlatans by the profession, has too long stood in the way of this [illegible]. What disgrace is [illegible] class of diseases specially [illegible] in general practice? [illegible] Paris, and Acton of London, both make *Private Diseases* a specialty, and yet their fame is as enviable as it is world-wide. It is in fact the only remedy for one of the most heinous and destructive systems of quackery in private diseases as practiced in all the larger cities throughout the country.—[illegible] I said let quacks and impostors alone. Their advertisements fill the newspapers and are well calculated to deceive the inexperienced, made up as they are of the most extravagant *pretensions*, but without a shadow of *evidence* of the truth of what they say. Advertising in itself is no sin, but *deceptive* advertisements are an abomination; and no advertising physician is entitled to *any confidence whatever* who does not give to the public the most undoubted guarantee both of his honesty and his skill.

In offering my services in a specialty which has heretofore been almost exclusively in the hands of impostors, I ask no man to employ me who is not fully convinced that I shall treat him courteously, deal honorably and with the strictest fidelity, and give him the best possible chance for a speedy and permanent cure.

A CARD TO THE LADIES.

DR. DUPONCO'S Golden Periodical Pills for Females. Perfectly harmless, yet wonderfully and powerfully eeacious in correcting regulating, and removing all obstruction from whatever cause.

All medical men know, as well as many others, that no female can enjoy good health, unless she is regular; and whenever an obstruction takes place, whether from exposure, cold, or any other cause, the general health begins immediately to decline, and the want of such a remedy has been the cause of so many consumptions among young females. Headache, Pain in the Side, Palpitation of the Heart, Loathing of Food, and Disturbed Sleep, do most always arise from the interruption of nature; and whenever that is the case, the Pills will invariably remedy all these evils; and may always be used successfully as a preventive.—Price $1 per box. For sale at 132 Thames street, corner Church street, and at 12 Washington Square, opposite State House. Orders for the trade so advertised will be supplied at lowest manufacturer's prices. Ladies by enclosing $1 to *STURGIS & CO.*, Box 301, Newport Post Office, can have the Pills sent confidentially) by mail to any part of the city or country a26—

BININGER'S OLD LONDON DOCK GIN

A. M. BININGER & Co.
(Established 1778,)
SOLE IMPORTERS,
No. 338 BROADWAY, N. Y.

This DELICIOUS TONIC especially designed for the use of the MEDICAL PROFESSION and the FAMILY, possesses those *intrinsic* medicinal properties (Tonic and Diuretic) which belong to an **Old** and **PURE GIN**. The business of manufacturing spurious gins, and offering them as beverages, under the titles, "Aromatic,"—"Cordial,"—"Medicated," etc., has become so common, that the public are justly suspicious of nearly everything that is offered under similar forms, and the trade has thus been brought into disrepute. It has remained for our house (established in 1778) to supply the pressing popular need, and to inaugurate a *new era* in the history of the Trade. We trust that our established reputation—founded upon eighty years of experience—abundantly vindicates our claim to public confidence.

N. B.

A comparison of "Bininger's Old London Dock Gin" with others bearing similar names, will establish its superiority, and make other CAUTION unnecessary.

The constantly increasing demand from those who have long used the **PILLS** and the satisfaction which all express in regard to their use, has induced me to place them within the reach of all.

The Profession well know that different Cathartics act on different portions of the bowels.

The **FAMILY CATHARTIC PILL** has, with due reference to this well established fact, been compounded from a variety of the purest Vegetable Extracts, which act alike on every part of the alimentary canal, and are **good** and **safe** in all cases where a Cathartic is needed, such as **Derangements of the Stomach, Sleepiness, Pains in the Back and Loins, Costiveness, Pain and Soreness over the whole body**, from sudden cold, which frequently, if neglected, end in a long course of Fever, **Loss of Appetite, a Creeping Sensation of Cold over the body, Restlessness, Headache, or weight in the head, all Inflammatory Diseases, Worms in Children or Adults, Rheumatism**, a great **Purifier of the Blood** and many diseases to which flesh is heir, too numerous to mention in this advertisement. **Dose, 1 to 3.**

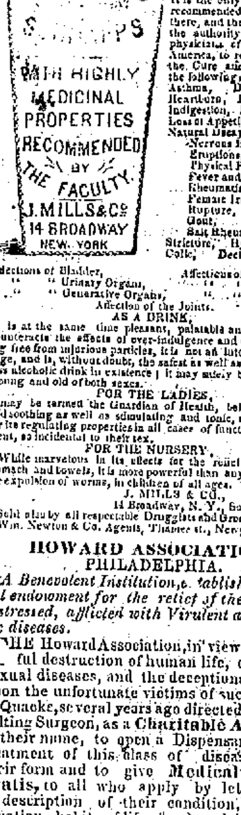
HAZARD & CASWELL.

THE GREAT FOUNTAIN OF HEALTH.

VANDERVEER'S SCHIEDAM SCHNAPPS.



Is a luscious tonic, stimulating invigorant and health-giving drink; and is prepared at Schiedam, in Holland, under the immediate direction of Old Vanderveer himself. It is distilled from the best barley, flavored with the best Juniper berry, and impregnated with a variety of herbs of highly medicinal properties, by a process of steeping known only to its inventor.

AS A MEDICINE.

It is the only Gin in Holland recommended by the faculty there, and the importers have the authority of the leading physicians of Germany and America, to recommend it for the Cure and Prevention of the following diseases:

Asthma, Debility,
Heartburn, Diarrhoea,
Indigestion, Dropsy,
Loss of Appetite, Dyspepsia,
Natural Decay, Dysentery,
Nervous Headache,
Eruptions,
Physical Prostration,
Fever and Ague,
Rheumatism,
Female Irregularities,
Rupture,
Gout,
Salt Rheum,
Stricture, Hypochondriasis,
Colic, Decline,

Affections of Bladder, Affections of Kidneys,
" " Urinary Organs, " " Glands,
" " Generative Organs, " " Stomach
Affection of the Joints.

AS A DRINK.

It is at the same time pleasant, palatable and stomachic; it counteracts the effects of over-indulgence and excess, and being free from injurious particles, it is not an intoxicating beverage, and is, without doubt, the safest as well as the most harmless alcoholic drink in existence; it may safely be taken by the young and old of both sexes.

FOR THE LADIES.

It may be termed the Guardian of Health, being restorative and soothing as well as stimulating and tonic, and invaluable for its regulating properties in all cases of functional derangement, so incidental to their sex.

FOR THE NURSERY.

While marvelous in its effects for the relief of pains in the stomach and bowels, it is more powerful than any vermifuge for the expulsion of worms, in children of all ages.

HOWARD ASSOCIATION.

PHILADELPHIA.

A Benevolent Institution, established by special endowment for the relief of the sick and distressed, afflicted with Virulent and Epidemic diseases.

THE Howard Association, in view of the awful destruction of human life, caused by sexual diseases, and the deceptions practised upon the unfortunate victims of such diseases by Quacks, several years ago directed their consulting Surgeon, as a **Charitable Act** worthy of their name, to open a Dispensary for the treatment of this class of diseases in all their form and to give **Medical Advice Gratis**, to all who apply by letter, with a description of their condition, (age, occupation, habits of life, &c.,) and in cases of extreme poverty to **Furnish Medicines Free of Charge.** It is needless to add that the Association commands the highest Medical skill of the age, and will furnish the most approved modern treatment.

The Directors of the Association, in their annual report upon the treatment of sexual diseases, for the year ending July 1st, 1858, expresses the highest satisfaction with the success which has attended the labors of the consulting surgeon in the cure of Spermatorrhœa, Seminal Weakness, Impotence, Gonorrhœa, Gleet, Syphilis, the vice of Onanism or self abuse, &c., and order a continuance of the same plan for the ensuing year.

The Directors, on a review of the past, feel assured that their labors in this sphere of benevolent effort, have been of great benefit to the afflicted, especially to the young, and they have resolved to devote themselves, with renewed zeal to this very important and much despised cause.

An admirable Report on Spermatorrhœa, or Seminal Weakness, the vice of Onanism, Masturbation or Self-Abuse, and other Diseases of the Sexual Organs, by the consulting Surgeon, which will be sent by mail, (in a sealed envelope,) free of charge, on the receipt of two stamps for postage.

Address, for Report, or treatment, Dr. **George R. Calhoun**, Consulting Surgeon, Howard Association, No. 2 South Ninth street, Philadelphia, Pa. By order of the Directors.
